San Benito County, the Cities of Hollister and San Juan Bautista work together through a regional agency to manage garbage and recycling collection programs to meet state laws such as AB 939 which requires cities/ counties to recycle 50% of their waste. The regional agency manages a franchise agreement with Recology for the collection of garbage and recycling which expires on June 30, 2018. The regional agency is asking for feedback from residents and businesses on potential improvements to Recology's services with a focus on meeting these key goals:

- *Provide high quality programs and services at the best cost*
- *Ensure programs/services meet state recycling laws and are up to industry standards*
- *Ensure that rates are fair and equitable*

We look forward to seeing you there!

Thank you
