NEW SINGLE-FAMILY DWELLING

PLAN SUBMITTAL REQUIREMENTS

GENERAL REQUIREMENTS:

- Please contact the following agencies for specific project information and requirements: Planning (831) 637-1041; Environmental Health Department (831) 636-4035; local Water & Sanitation District (831) 636-4377, and local Fire District (831) 636-4325 [Hollister Fire/CAL Fire areas], (831) 726-3130 [Aromas Fire].
- Plans drawn or prepared by licensed design professionals must be stamped at submittal and “wet”-signed before the permit can be issued.

SUBMIT:

- One (1) properly completed building permit application.
- One (1) properly completed Construction & Demolition Recycling Plan
- Six (6) sets of building plans (1/4”-1’ scale, 18”X24 size min. 36” X 48” size max.).
- Two (2) copies of each of the following documents:
 - Structural Calculations
 - Truss Calculations
 - Title 24 Energy Compliance Report
 - Geotechnical/Soils Report

PLANS SHALL CONSIST OF:

- Cover Sheet Showing:**
 - Project address.
 - Flood zone (Visit FEMA website: <http://msc.fema.gov/portal>).
 - Square footage of all proposed structure(s).
 - Building fire sprinkler system (deferred submittal).
 - Note on plan: Project to comply with the 2016 CBC, 2016 CEC, 2016 CMC, 2016 CPC, 2016 CA Energy Code, 2016 CA Green Building Standards Code, and San Benito County Code.
 - Location map.
 - Type of construction.
 - Occupancy classification(s).
- Plot Plan:**
 - Lot dimensions with property lines and any easements identified.
 - Location and type(s) of all site utilities; electrical, sewer, water etc.
 - Grades and elevation of site and building.
 - Dimensions from structures to property lines (measured at right angles to structures).
 - Dimensions between structures (measured at right angles to structures).
- Architectural Sheets:**
 - Wildland Urban Interface Area requirements, per CBC Ch. 7A.
 - Cross Sections
 - Elevations from all sides of building with exterior material used.
 - Roof Plan (show proposed roof top)

- Floor Plan (identify and dimension all room usage).
 - Window and door schedule.
 - Show details of fire rated construction per CBC Table 720.1(1), or indicate G.A. file number if assembly is from Gypsum Association Fire Resistance Design Manual.
 - CALGreen Checklist (properly completed and/or imprinted on plan).
- **Structural:**
 - Include structural design criteria (design load, wind, seismic, etc.) on plan.
 - Foundation Plan (anchorage, rebar, piers etc.)
 - Roof Framing Plan
 - **Electrical Plan:**
 - Light fixture/switch locations.
 - Interior and exterior receptacle outlet locations.
 - **Plumbing and Mechanical Plan:**
 - Water piping system, pipe sizes, and pipe materials proposed on plumbing floor plans.
 - Location of plumbing equipment; waterheater, lavs, toilets etc.
- Location, size and grade of all framing members to include location(s) of shearwalls.
 - Structural Details
 - Service size and location
 - Location of heating and air conditioning equipment including manufacturer's name, model number and weight of equipment; fireplaces, ventilation fans, kitchen exhaust, including termination points shown on plan.

MISCELLANEOUS:

- Statement of Special Inspections (If applicable to the project).

PLEASE NOTE, THIS INFORMATION IS INTENDED TO BE A GUIDE FOR SUBMITTAL REQUIREMENTS AND MAY NOT INCLUDE ADDITIONAL INFORMATION NEEDED FOR SPECIFIC PROJECTS.
